Declaration

I, _____ [full name], current Passport Number is _____.

I am aware that the Embassy and Consulates of China in Australia issues 5-year multi-entry visas to ordinary Australian passport holders who meet all relevant requirements, and are visiting China for business, tourism or visiting family members.

I understand that I am eligible to apply for a five-year multiple entry visa. However, I still insist on applying for a single-entry / double-entry visa and understand that the Consulate General of China in Sydney is responsible for issuance of visas to foreign citizens abroad, and are entitled to determine the type, number of entries, validity and duration of each stay of a visa to be issued, or to decline a visa application or revoke an issued visa, in accordance with Chinese laws and regulations. I am willing to bear any costs that may arise from this.
